PVC BANNER ARTWORK TEMPLATE

1000 x 2000mm | With eyelets

BLEED AREA
Extend background and images into the 3mm bleed beyond the trim line. The area is trimmed off.

TRIM LINE
This is where the trim marks the finished banner size. Anything beyond this line will be cut away.

SAFE AREA
Keep text, logos and essential details inside the light blue guide to avoid potential trimming issues.

EYELETS
Grey circles mark eyelet positions, 25mm in from the edge. Keep vital details clear of these positions.
