PVC BANNER ARTWORK TEMPLATE

2000 x 300mm | Without eyelets

BLEED AREA

Extend backgrounds and images into the 3mm bleed beyond the trim line. This area is trimmed off.

TRIM LINE

The magenta line marks the finished banner size. Anything beyond this line will be cut away.

SAFE AREA

Keep text, logos and essential details inside the light blue guide to avoid potential trimming issues.

NO EYELETS

This template has no eyelet positions. Check your order is set to Without Eyelets before supplying artwork.

always remove this template before sending your design
